Before purchasing the product, please compare technically the dimensions on the website with your existing pick-up vehicle's bed size and make sure that the cabin would be suitable for the vehicle.

When calculating the standard cabin dimensions, any optional parts or add-ons in the bed of pick-up vehicle, which are added/assembled later at the factory, are not taken into account. Please take this into consideration.

Vehicle manufacturers may change cabin dimensions without notice.

As pickup beds vary by brand and model, proper securing of the cabin and the use of protective measures at contact points are recommended to ensure long-term comfort and vehicle protection.
